

## PERSONAL INFORMATION

## Ali Askar

 Makha Almalaki, Latakia (Syria)

 +963936771771

 ali1995askar@gmail.com

## EDUCATION AND TRAINING

2013–2019

## Certificate in Informatics Engineering

Software and  
information systems  
specialization

Tishreen University, Latakia (Syria)

- A keen programming thinking skills after writing programs to solve different kinds of problems.
- A sharp software engineering skills after applying its concepts and patterns to multiple projects .
- Ability to handle mathematical problems and researches in order to find or create solutions .
- Advanced ability in data Structures , dynamic programming and graph theory and its applications .
- Ability to learn all programming languages and techniques required for the job quickly

## Current Study

Syrian Virtual University SvU, Latakia (Syria)

a Master student in the first year of a Master in Web science (MWS)

## WORK EXPERIENCE

## Software and information systems

Information Engineering - Tishreen University

- Member of an administrative body in the Faculty of Information Engineering at the National Union of Syrian Students at Tishreen University.
- ACM Competition Organizing Member in Tishreen University 2019, Al-Baath University 2019.
- Member of organizing Tishreen University exposition for small projects, Department of Information Engineering 2019.

## PERSONAL SKILLS

Mother tongue(s)

Arabic

Foreign language(s)

English

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
B1	B1	B1	B1	A2

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user  
Common European Framework of Reference for Languages - Self-assessment grid

Communication skills

very Good communication skills gained through my participation in ACM organize and lots of Volunteer works.

**Job-related skills**

- Good Experience with algorithms and database.
- Good Experience with back end Web Development.
- Experienced with C++ , Java, Python 3 .
- Familiar with Oracle databases, Sql Server, Sql Server Analysis Services .
- Experienced with Java Fx .
- Experienced with Systems analysis.
- Familiar with Html 5, CSS 3, JavaScript, Bootstrap, J Query, Php , Smfony, laravel, Django, asp.net.

**My Apps**

- web application in symfony frame Work (News site with restful API).
- reduction max matching problem to max flow problem and solve it with different algorithms (Design a modified algorithm to improve implementation time) with program in java and javafx
- Syrian judicial Court System Analysis project.
- Heart Doctor Web Site with Laravel and django with services of data mining that can Expect whether or not you are sick based on decision tree id3 and Bayes algorithms
- distributed WEB SITE application in ASP.net MVC using WCF and Remoting packages News and Agencies Site

**ADDITIONAL INFORMATION****Certifications**

- Python Basics from University of Michigan 2019
- Python Functions, Files, and Dictionaries from University of Michigan 2019
- Data Collection and Processing with Python from University of Michigan 2019
- Python Classes and Inheritance from University of Michigan 2019
- Python Data Structures from University of Michigan 2020
- Object-Oriented Design from University of Alberta 2019
- Building Web Applications in PHP from University of Michigan 2019
- Introduction to Structured Query Language (SQL) from University of Michigan 2019
- Participation in organizing the Tishreen University exposition
- Participation in Operation Team in the 2019 AL-baath University Contest AL-baath University (ACPC)
- Participation in Volunteer Team in the 2019 Tishreen University and Tartous University Collegiate Programmin Contest Contest Tishreen University (ACPC)
